

REP020 Quarterly Statistics on Availability and Performance of Dedicated Interfaces

Reporting Currency: N/A

Currency Units: N/A

Special Instructions

Firms who do not operate a dedicated interface should respond 'Yes' to Question 1 and submit a nil return.

For the reporting period between 1 April 2023 and 30 June 2023 – The SCA-RTS requires quarterly statistics to be published from 14 September 2019. Therefore for this reporting period, firms are only required to provide us with statistics between 14 September 2019 and 30 September 2019. These statistics for each PSU and dedicated interface must be entered in Days 76 to 92 and firms must enter 0 for all earlier days in the quarter (Days 1 to 75) except Uptime (%) which should be entered as 100.00.

For all subsequent reporting periods - The statistics must be entered from Day 1 and any surplus days at the end of the quarter (for example, Quarter 1 only contains 90 Days, and Quarter 2 contains 91 Days) can be left blank.

Percentage figures are to be provided to two decimal places, and milliseconds are to be provided as a whole number.

Multiple interface tables must be completed in Question 2 for each payment service user interface and dedicated interface for which the firm has published the daily statistics on its website. To add additional interface tables, please select the 'Number of interfaces to add' from the bottom of the form, then select 'Add'.

A

1 Do you wish to make a nil return?

2 Daily statistics

This section must be completed for each payment service user interface and dedicated interface for which the firm has published the daily statistics on its website.

Interface Name/Id		Interface type	Has exemption been granted for dedicated interface?		
A		B	C		
VEGA EBANKING 184825		PSU interface	no		

Day	Availability statistics		Performance statistics				
	Uptime (%)	Downtime (%)	Payment services user interface	Dedicated interface			
			Response (milliseconds)	AISP response (milliseconds)	PISP response (milliseconds)	CBP/II / PISP Yes/No response (milliseconds)	Error response rate (%)
	D	E	F	G	H	I	J
