

COOKIES POLICY FOR THE PRIVATE eBANKING SERVICE

SOCIETE GENERALE GROUP

COOKIES POLICY FOR THE PRIVATE eBANKING SERVICE (INCLUDING ACCESS VIA MOBILE AND TABLET APP)

Scope and Definitions

Throughout this Cookies Policy key words and expressions begin with a capitalised letter and are used with the defined meaning set out in Part 1 of the Banking and Investment Terms of Business ("Terms of Business"), including the Schedules (where relevant). A reference to Bank/we/us means Kleinwort Hambros and any transferee, assignee or successor of Kleinwort Hambros.

A reference to you/your/client refers to a person who has agreed to the Terms of Business.

Cookies Policy

This Cookies Policy explains our limited use of cookies and the information which is collected by the cookies in the provision of the Private eBanking Service. By using the Private eBanking Service you consent to the use of the cookies set out in this Cookies Policy. We only use cookies and the information obtained through them to deliver service functionality and to enhance the security of the Private eBanking Service: if you cease to use the Private eBanking Service we will not read the cookies or use the information obtained through them. However, the cookies cannot be disabled when you use the Private eBanking Service.

What are cookies?

Cookies are text files containing small amounts of information which are downloaded to your computer or device when you visit a website or other internet enabled service. Cookies are then sent back to the originating web domain on your subsequent visits to that domain.

Cookies are useful because they allow a website or internet enabled service to recognise a user's device. Cookies allow you to navigate between pages efficiently, remember preferences and generally improve the user experience and for us to make the Private eBanking Service more secure.

Session cookies are deleted automatically when you close your browser and persistent cookies remain on your computer or your Device (that is, your smartphone, tablet or similar device) after the browser is closed (for example to remember your user preferences when you return to the site or service).

What types of cookies do we use?

The categories of cookies used in connection with our various products and services are listed below.

The cookies we use are stored on your computer when you use it to access the Private eBanking Service and are also stored in the App you download to your Device when you access the services through such Device.

Strictly necessary cookies

We use specific cookies to enhance the security of the Private eBanking Service.

These cookies are used for both your computer and your Device unless indicated otherwise.

Functionality cookies

We make use of cookies to provide you with certain functionality. For example, to remember choices you make (such as your user name, language or the region you are in), or to recognise the platform from which you access a site, and to provide enhanced and more personal features. These cookies are not used to track your browsing outside of the Private eBanking Service. The Private eBanking Service is not offered without the use of these cookies. If you do not consent to the use of these cookies, you will not be able to download and use the App.

These cookies are used for both your computer and your Device unless indicated otherwise.

COOKIES POLICY FOR THE PRIVATE eBANKING SERVICE (INCLUDING ACCESS VIA MOBILE AND TABLET APP)

Strictly necessary cookies

Cookie name	Source	Purpose	Persistence (session/persistent)	Comment
AL_SESS	Airlock	session tracking	session
